It takes an overall systemic perspective, but the co-authors contribute different theoretical approaches. It focuses on practice, showing how practitioners can draw on their varied theoretical approaches to enhance the way they work together and in partnership with carers and with professionals from other agencies. The book provides a context that looks at the needs of children and young people in the care and adoption systems, the overall importance for their mental health of joined up 'corporate parenting', and national and local approaches to this. It then moves to focus on practical ways of working therapeutically in partnership with others who contribute diverse skills and perspectives, using specific case examples. Additional chapters look at collaborative ways of working with key carers to enhance their therapeutic role. Finally, some of the main elements of partnership collaboration are explored, as well as the challenges of work across agencies and disciplines.

Caroline Archer is a real adoptive parent speaking from experience so this book provides good, practical advice and encouragement for the mothering figure when things are not following the normal attachment and development patterns... This highly readable book is highly recommended for everyone fostering or adopting very young children.' - Adoption and Fostering 'Written by an adoptive parent [this book aims] to give practical advice and parenting tips to other adoptive and long-term foster parents. The author's basic premise is that all children who have been adopted or placed in long-term care have undergone some form of psychological hurt. She argues that while some children will be more resilient to this hurt than others, many children will need their hurt to be acknowledged by their parents/carers, and be allowed to grieve for their losses in order to move forward to a life of greater well-being and fulfilment. [The book begins] by exploring such issues as bringing a child home, child development and what to do when things 'don't seem quite right'. Other issues covered are the effects of trauma on a child, and how to handle specific difficulties that may arise with an adopted child. [It is] written in a clear easy-to-read format, and contain[s] a list of references for further reading.' - Family Matters

Barriers to stable relationships such as a lack of trust, fear of emotional intimacy, and high levels of shame are all explained. It explores techniques to

overcome these barriers by teaching how to support the child's behaviour at the same time as building empathy and trust. The practical parenting guidance offered throughout is essential for carers or parents of troubled children, and will help build safe, secure emotional relationships.

De kleuren van magie V.E. Schwab 2019-01-08 Deel 1 van de Schemering-trilogie V.E. Schwab is een meester in het oproepen van nieuwe werelden en doet denken aan J.K. Rowling en J.R.R. Tolkien. De Schemering-trilogie werd door The Guardian en Waterstones uitgeroepen tot een van de beste fantasyboeken van het jaar. De meeste mensen kennen maar één Londen. Wat bijna niemand weet, is dat er vier verschillende Londens zijn. Grijs Londen: vies, saai en zonder magie. Rood Londen, waar magie wordt vereerd en de Maresch-dynastie heerst over een welvarend rijk. Wit Londen, waar men vecht om controle over de magie. En ooit was er Zwart Londen – maar daar heeft niemand het meer over. Kell is een zeldzame magiër die tussen de verschillende versies van Londen kan reizen. Als hij in Grijs Londen zakkenroller Lila ontmoet, is dat het begin van een avontuur dat ze naar alle uithoeken van de stad brengt. Maar gevaarlijke magie ligt op de loer en het verraad achtervolgt hen. Om alle werelden te kunnen redden moeten Kell en Lila in de eerste plaats in leven zien te blijven, en dat blijkt lastiger dan gedacht. De pers over V.E. Schwab 'Het mag Schemering heten, maar de magie schittert van licht en leven.' Brian Staveley 'Een ingenieus en intelligent verhaal.' Booklist 'De kleuren van magie is een juweel van een boek, onbetaalbaar en helemaal zijn eigen, onovertroffen categorie fantasy.' io9 'Iedereen zal genieten van dit wervelende avontuur met zijn slimme held en brutale heldin.' Kirkus Reviews 'Fenomenaal.' SF Signal 'Betoverend.' Starburst
