The New Newbolt Report Andrew Green 2021-11-30 This book offers a pivotal re-evaluation of English teaching one century on from The Newbolt Report of 1921, responding to this seminal work and exploring its impact on issues and contemporary aims of English teaching today. Bringing together a range of experts in English higher education, the book provides a twenty-first century inflection on the enduring issues highlighted by Newbolt's original report. It examines topics including the demands of assessment, the narrowing of the literary curriculum, the impact of education reform, targets related to social mobility, class and widening participation, as well as broader questions about the function of literature and the arts in education. Chapters also consider issues surrounding the promotion of community cohesion, diversity and how technological advances might reshape literary education. This unique re-evaluation of the achievements and findings of the New bolt Commission will be essential reading for those researching English education and the history of education.

GCSE English Text Book (for A* to E Students) Keith Brindle 2002-06 One of the primary obstacles to implementing a storage network cited by enterprise IT managers is a lack of knowledge about storage networking technology and the specific issues involved in extending a Storage Area Network (SAN) or Network Attached Storage (NAS) over the Metropolitan Area Networks (MAN) or Wireless Area Networks (WAN). This text addresses the terminology gap between enterprise network planners and telecommunications engineers, who must understand the transport requirements of storage networks in order to implement distributed storage networks. It comprehensively provides IT managers, planners and telecommunications professionals with the information they need in order to choose the technologies best suited for their particular environment.
