PJ Masks © Frog Box / Entertainment One UK Limited / Walt Disney EMEA Productions Limited 2014

The Raincoats **The Raincoats** Jenn Pelly 2017-10-05 In 1979, from the basement of a London squat, the Raincoats reinvented what punk could be. They had a violin player. They came from Portugal, Spain, and England. Their anarchy was poetic. Working with the iconic Rough Trade Records at its radical beginnings, they were the first group of punk women to actively call themselves feminists. In this short book - the first on the Raincoats - author Jenn Pelly tells the story of the group's audacious debut album, which Kurt Cobain once called "wonderfully classic scripture." Pelly builds on rare archival materials and extensive interviews with members of the Raincoats, Sleater-Kinney, Bikini Kill, Hole, Scritti Politti, Gang of Four, and more. She draws formal inspiration from the collage-like The Raincoats itself to explore this album's magic, vulnerability, and strength.

Groene eieren met ham / druk 1 ... (Dr.) Seuss 2008-01 Groene eieren met ham, kun je die eten? Sam vindt van wel, maar maak dat maar eens een ander wijs! Tekst op rijm.

Camp Lo's Uptown Saturday Night Patrick Rivers 2017-09-07 Geechi Suede and Sonny Cheeba are Camp Lo. These two emcees from the Bronx, NY entered the American hip hop scene with an insider slang that bewildered listeners as they radiated the look of a bygone era of black culture. In 1996, they collaborated with producer Ski and a host of other contributors to create Uptown Saturday Night, featuring the seminal single "Luchini (a.k.a. This is It)." While other 1990s rappers referred to 1970s Blackploration culture, Camp Lo were self-described "time travelers" who weaved the slang and style of a soulful past into state-of-the-art lyrical flows. Uptown Saturday Night is a tapestry of 1970s black popular culture and 1990s New York City hip hop. This volume will detail how the album's fantastic world of "Coolie High" reflected classic films like Cooley High and the Sidney Poitier film from which the album's title is derived, and promoted vintage slang and fashion. The book features new interviews with Camp Lo, producer Ski, Trugoy the Dove from De La Soul, Ish from Digable Planets, and others, and offers musical and cultural analyses that detail the development of the album and its essential contributions to a post-soul aesthetic.

PJ Masks and the Dinosaur 2017

The Theory of Evolution Samuel M. Scheiner 2020-01-07 Darwin's nineteenth-century writings laid the foundations for modern studies of evolution, and theoretical developments in the mid-twentieth century fostered the Modern Synthesis. Since that time, a great deal of new biological knowledge has been generated, including details of the genetic code, lateral gene transfer, and developmental constraints. Our improved understanding of these and many other phenomena have been working their way into evolutionary theory, changing it and improving its correspondence with evolution in nature. And while the study of evolution is thriving both as a basic science to understand the world and in its applications in agriculture, medicine, and public health, the broad scope of evolution—operating across genes, whole organisms, clades, and ecosystems—presents a significant challenge for researchers seeking to integrate abundant new data and content into a general theory of evolution. This book gives us that framework and synthesis for the twenty-first century. The Theory of Evolution presents a series of chapters by experts seeking this integration by addressing the current state of affairs across numerous fields within evolutionary biology, ranging from biogeography to multilevel selection, speciation, and macroevolutionary theory. By presenting current syntheses of evolution's theoretical foundations and their growth in light of new datasets and analyses, this collection will enhance future research and understanding.

De kat met de hoed / druk 1 Dr. Seuss 2007-03

De jongen, de mol, de vos en het paard Charlie Mackesy 2020-04-04 'De jongen, de mol, de vos en het paard' van Charlie Mackesy is een prachtig verhaal over vriendschap, liefde en jezelf zijn, poëtisch vertaald door Arthur Japin. 'Wat wil jij worden als je groot bent?' vroeg de mol. 'Lief,' zei de jongen. 'De jongen, de mol, de vos en het paard' van Charlie Mackesy is een moderne fabel voor jong en oud. De 100 illustraties en de poëtische teksten vertellen het verhaal van een bijzondere vriendschap, tussen de jongen en de drie dieren. De universele lessen die ze samen leren zijn stuk voor stuk levenswijsheden. De Nederlandse editie van 'The Boy, the Mole, the Fox and the Horse' is prachtig vertaald door Arthur Japin, waardoor de teksten nog dichterbij komen. Een moderne klassieker, die je kijkt op het leven verandert.

On the Go with the PJ Masks! PJ Masks and the Dinosaur Super Team Super Moon Adventure Owlette Gets a Pet PJ Masks © Frog Box / Entertainment One UK Limited / Walt Disney EMEA Productions Limited 2014

Bob Mould's Workbook Walter Biggins 2017-09-07 In 1989, Bob Mould took a left turn. Already legendary before his 30th birthday for his noise-and-nuance work in Hüsker Dü, Mould had recently walked away from his old band. He re-emerged with his debut solo album: Workbook. Filled with chiming acoustic guitars, multitracked vocals, pristine production, and even a cello, Workbook was both admired and questioned for Mould's perceived departure from his post-punk roots. Three decades later, the album has emerged as a key for understanding the nascent alternative rock genre and the concerns Mould would explore for the duration of his career. Fusing post-punk sound and confessional lyrics with a richer emotional and musical range, Mould's Workbook merged worlds that seemed unbridgeable at the time. Alternative rock emerged from the wreckage of the 1980s, and Workbook was a model for the genre's maturation. Workbook serves its title in two ways—as a map for musicians to follow into a new mode, and as a journal of Mould's struggle toward adulthood. It opens conversations about rock, identity, spirituality, authenticity, and the perils and promises of mainstream culture. Walter Biggins and Daniel Couch, two critics who grew up with Workbook, extend these conversations-through letters and emails to each other, and through correspondence with Mould and Workbook's musicians and producers. That cross-talk leads to, through this seminal album, a deeper understanding of "alternative rock" at the moment of its inception, just before it took over the radio.

De Gruffalo / druk 1 Julia Donaldson 2014-06-16 Een mussie schrijft zijn belagers af door een afschrikwekkend fantasiedier als vriend te verzinzen. Hardkartonnen prentenboek met naieve tekeningen in kleur en tekst op rijm. Vanaf ca. 4 jaar.

Beyond Picture Books Barbara Barstow 1995 A bibliography that suggests books for beginner readers is accompanied by subject, title, illustrator, readability level, and series indexes

Wij gaan op berenjacht / druk 1 Helen Oxenbury 1989 Vier kinderen gaan met hun vader op berejacht. Ze trotseren moedig de natuur, maar dan staan ze opeens tegenover een echte beer! Prentenboek met

paginagrote aquarellen, afwisselend in zacht gekleurde en in grijze tinten. Voorlezen vanaf ca. 3 jaar.

Mannetje Tak Julia Donaldson 2018 Mannetje Tak wordt opgepakt door een spelende hond. Hij ontsnapt en wil terug naar Vrouwje Tak en zijn gezin. Maar dat valt niet mee. Inmiddels is het bijna Kerstmis! Kan de Kerstman misschien helpen? Prentenboek met vrolijk gekleurde illustraties en tekst op rijm. Vanaf ca. 4 jaar.

YOUNG MARBLE GIANTS' COLossal YOUTH Michael Blair 2017-05-04 Welsh post-punk band Young Marble Giants released one LP in 1980 and then, like their vanishing portraits on the album's cover, disappeared. Even though Colossal Youth received positive reviews and sold surprisingly well, Young Marble Giants quickly slid into the margins of rock 'n' roll history-relegated to cult status among post-punk and indie rock fans. Their lasting appeal owes itself to the band's singular approach and response to punk rock. Instead of employing overt political ideology and abrasive sounds to rebel against the status quo, Young Marble Giants filled their songs with restraint, ambiguity, and silence. The trio opened up their music to new sounds and ideas that redefined punk's rules of rebellion. Where did their rebellious ideas and impulses come from? By tracing Colossal Youth's artistic origins from Ancient Greece to the 20th-century avant-garde, Michael Blair and Joe Bucciero uncover the intricacies of Young Marble Giants' idiosyncratic take on music in the post-punk age. Emerging from the gaps in between the notes are new ways of hearing the history of punk, the political and economic turbulence of the late 1970s, and the world that surrounds us right now.

Disney Voice Actors Thomas S. Hischak 2011-10-06 This biographical dictionary is devoted to the actors who provided voices for all the Disney animated theatrical shorts and features from the 1928 Mickey Mouse cartoon Steamboat Willie to the 2010 feature film Tangled. More than 900 men, women, and child actors from more than 300 films are covered, with biographical information, individual career summaries, and descriptions of the animated characters they have performed. Among those listed are Adriana Caselotti, of Snow White fame; Clarence Nash, the voice of Donald Duck; Sterling Holloway, best known for his vocal portrayal of Winnie the Pooh; and such show business luminaries as Bing Crosby, Bob Newhart, George Sanders, Dinah Shore, Jennifer Tilly, and James Woods. In addition, a complete directory of animated Disney films enables the reader to cross-reference the actors with their characters.

Zeven minuten na middernacht Patrick Ness 2013-10-10 Het monster verscheen net na middernacht. Maar het is niet het monster dat Conor verwachtte, het monster uit de nachtmerrie die hij bijna elke nacht heeft gehad sinds zijn moeder ziek werd. Die met de duisternis, de wind en het geschreeuw. Het monster uit zijn achtertuin is anders. Oud. Wild. En hij wil het meest gevaarlijke van alles van Conor, hij wil de waarheid.

Three-Dimensional Object Recognition Systems A.K. Jain, BTech PhD 1993-05-05 The design and construction of three-dimensional [3-D] object recognition systems has long occupied the attention of many computer vision researchers. The variety of systems that have been developed for this task is evidence both of its strong appeal to researchers and its applicability to modern manufacturing, industrial, military, and consumer environments. 3-D object recognition is of interest to scientists and engineers in several different disciplines due to both a desire to endow computers with robust visual capabilities, and the wide applications which would benefit from mature and robust vision systems. However, 3-D object recognition is a very complex problem, and few systems have been developed for actual production use; most existing systems have been developed for experimental use by researchers only. This edited collection of papers summarizes the state of the art in 3-D object recognition using examples of existing 3-D systems developed by leading researchers in the field. While most chapters describe a complete object recognition system, chapters on biological vision, sensing, and early processing are also included. The volume will serve as a valuable reference source for readers who are involved in implementing model-based object recognition systems, stimulating the cross-fertilisation of ideas in the various domains. The variety of topics on Image Communication is so broad that no one can be a specialist in all the topics, and the whole area is beyond the scope of a single volume, while the requirement of up to date information is ever increasing. This new closed-end book series is intended both as a comprehensive reference for those already active in the area of Image Communication, as well as providing newcomers with a foothold for commencing research. Each volume will comprise a state of the art work on the editor's/author's area of expertise, containing information until now scattered in many journals and proceedings.

Their World. A Diversity of Microbial Environments Christon J. Hurst 2016-05-02 This volume summarizes recent advances in environmental microbiology by providing fascinating insights into the diversity of microbial life that exists on our planet. The first two chapters present theoretical perspectives that help to consolidate our understanding of evolution as an adaptive process by which the niche and habitat of each species develop in a manner that interconnects individual components of an ecosystem. This results in communities that function by simultaneously coordinating their metabolic and physiologic actions. The third contribution addresses the fossil record of microorganisms, and the subsequent chapters then introduce the microbial life that currently exists in various terrestrial and aquatic ecosystems. Coverage of the geosphere addresses endolithic organisms, life in caves and the deep continental biosphere, including how subsurface microbial life may impact spent nuclear fuel repositories. The discussion of the hydrosphere includes hypersaline environments and arctic food chains. By better understanding examples from the micro biosphere, we can elucidate the many ways in which the niches of different species, both large and small, interconnect within the overlapping habitats of this world, which is governed by its microorganisms.

PJ Masks to the Rescue! 2018 "The PJ Masks are here to save the day in six thrilling adventures, all in one book! Join the team as they save captured butterflies, return a stolen dinosaur model to an exhibit, battle with Luna Girl and Romeo, and more!"--P. [4] of cover.

Brave New Words Jeff Prucher 2007-05-07 Winner of a 2008 Hugo Award, this new paperback takes readers on spectacular tour of the language created by science fiction. From "Stargate" to "Force Field," this dictionary opens a fascinating window into an entire genre, through the words invented by science fiction's most talented writers, critics, and fans. Each entry includes numerous citations of the word's usage, from the earliest known appearance forward. Drawn not only from science fiction novels and stories, citations also come from fanzines, screenplays, comics, songs, and the Internet.

SPIN 1993-08 From the concert stage to the dressing room, from the recording studio to the digital realm, SPIN surveys the modern musical landscape and the culture around it with authoritative reporting, provocative interviews, and a discerning critical ear. With dynamic photography, bold graphic design, and informed irreverence, the pages of SPIN pulsate with the energy of today's most innovative sounds. Whether covering what's new or what's next, SPIN is your monthly VIP pass to all that rocks.
