The Failure of Success Lawrence R. Samuel 2020-06-04 This history of success in the United States illustrates the degree to which personal and professional accomplishments have determined overall life satisfaction. Beyond serving as a guide to the past, present, and future of success in America, especially that found in the business world, this book poses a provocative argument: the standard practice of employing outer-directed measures of success, notably wealth, power, and fame, has worked to the psychological disadvantage of many Americans. More specifically, it shows that a comparative and competitive view of success has made a significant number of individuals feel less successful than if more inner-directed measures were used. Ironically then, the traditional model of success in the United States has been largely a failure. This work offers historians, practitioners, and general readers of non-fiction a blueprint for how to adopt a more meaningful and positive model of success in their everyday lives.

The Writers Directory 2013

Book Review Digest 1993 Excerpts from and citations to reviews of more than 8,000 books each year, drawn from coverage of 109 publications. Book Review Digest provides citations to and excerpts of reviews of current juvenile and adult fiction and nonfiction in the English language. Reviews of the following types of books are excluded: government publications, textbooks, and technical books in the sciences and law. Reviews of books on science for the general reader, however, are included. The reviews originate in a group of selected periodicals in the humanities, social sciences, and general science published in the United States, Canada, and Great Britain. - Publisher.

Swim with the Sharks Without Being Eaten Alive Harvey B. Mackay 2009-03-17 This straight-from-the-hip handbook by bestselling author and self-made millionaire Harvey Mackay spells out the path to success for readers everywhere. They will learn how to: Outsell by getting appointments with people who absolutely, positively do not want to see you, and then making them glad they said "yes!" Outmanage by arming yourself with information on prospects, customers, and competitors that the CIA would envy - using a system called the "Mackay 66." Outmotivate by using his insights to help yourself or your kids join the ranks of America's one million millionaires. Outnegotiate by knowing when to "smile and say no" and when to "send in the clones." This one-of-a-kind book by a businessman who's seen it all and done it all has sold almost 2 million copies, and is the essential roadmap for everyone on the path to success.
