*Leven aan de onderkant Theodore Dalrymple 2012-09-20 Een vernieuwende en confronterende visie op het systeem dat de onderklasse instandhoudt. Leven aan de onderkant is het relaas van een psychiater over het leven in de onderklasse en een felle aanklacht tegen de mentaliteit die mensen daarin gevangen houdt. Dalrymple werkt in een gevangenis en een ziekenhuis in een grote achterstandswijk. Hij baseert zijn analyse op de duizenden gesprekken die hij voerde met daders en slachtoffers van roof, drugsmisbruik, mishandeling en andere vormen van geweld. Het resultaat is een indringend portret van een wereld waarin relaties vluchtig en gewelddadig zijn, waarin vaders afwezig zijn, waarin zelfbeheersing en eigen verantwoordelijkheid niet of nauwelijks een rol spelen. Volgens Dalrymple wordt de onderklasse vooral instandgehouden door het waarderelativisme waarvan de westerse wereld sinds de jaren zestig van de twintigste eeuw is doortrokken. Dat komt vooral tot uiting in het goedpraten van criminaliteit door die voor te stellen als een onontkoombaar gevolg van armoede of discriminatie, maar ook in het verdacht maken van prestatiedrang in het onderwijs. Aan de onderkant van de samenleving heeft dit geleid tot een slachtoffercultuur, die verhindert dat mensen hun lot in eigen handen nemen, met alle kwalijke gevolgen van dien.*

*The Transformation of American Law, 1870-1960 Morton J. Horwitz 1992-07-16 When the first volume of Morton Horwitz's monumental history of American law appeared in 1977, it was universally acclaimed as one of the most significant works ever published in American legal history. The New Republic called it an "extremely valuable book." Library Journal praised it as "brilliant" and "convincing." And Eric Foner, in The New York Review of Books, wrote that "the issues it raises are indispensable for understanding nineteenth-century America." It won the coveted Bancroft Prize in American History and has since become the standard source on American law for the period between 1780 and 1860. Now, Horwitz presents The Transformation of American Law, 1870 to 1960, the long-awaited sequel that brings his sweeping history to completion. In his pathbreaking first volume, Horwitz showed how economic conflicts helped transform law in antebellum America. Here, Horwitz picks up where he left off, tracing the struggle in American law between the entrenched legal orthodoxy and the Progressive movement, which arose in response to ever-increasing social and economic inequality. Horwitz introduces us to the people and events that fueled this contest between the Old Order and the New. We sit in on Lochner v. New York in 1905--where the new thinkers sought to undermine orthodox claims for the autonomy of law--and watch as Progressive thought first crystallized. We meet Oliver Wendell Holmes, Jr. and recognize the influence of his incisive ideas on the transformation of law in America. We witness the culmination of the Progressive challenge to orthodoxy with the emergence of Legal Realism in the 1920s and '30s, a movement closely allied with other intellectual trends of the day. And as postwar events unfold--the rise of totalitarianism abroad, the McCarthyism rampant in our own country, the astonishingly hostile academic reaction to Brown v. Board of Education--we come to understand that, rather than self-destructing as some historians have asserted, the Progressive movement was alive and well and forming the roots of the legal debates that still confront us today. The Progressive legacy that this volume brings to life is an enduring one, one which continues to speak to us eloquently across nearly a century of American life. In telling its story, Horwitz strikes a balance between a traditional interpretation of history on the one hand, and an approach informed by the latest historical theory on the other. Indeed, Horwitz's rich view of American history--as seen from a variety of perspectives--is undertaken in the same spirit as the Progressive attacks on an orthodoxy that believed law an objective, neutral entity. The Transformation of American Law is a book certain to revise past thinking on the origins and evolution of law in our country. For anyone hoping to understand the structure of American law--or of America itself--this volume is indispensable.*

*Crime and Criminal Justice Stacy L. Mallicoat 2018-12-06 "The text is logically organized and easy to read and understand. Students will find the text intriguing as they move through the coverage of the controversies from the text."—Michelle L. Foster, Kent State University Updated with new content and current controversies that facilitate critical thinking, debate, and application of the concepts, Mallicoat's Crime and Criminal Justice, Second Edition, provides accessible and concise coverage of all relevant aspects of the criminal justice system, as well as unique chapters on victims and criminal justice policy. Using an innovative format designed to increase student engagement and critical thinking, each chapter is followed by two Current Controversy debates that dive into a critical issue in criminal justice. These features challenge misconceptions by providing a balanced debate of both the pros and the cons of each issue and are followed by probing questions to help students think critically about timely topics. With contemporary examples that students can easily apply and a broad range of effective learning tools, this practical text helps students go beyond the surface toward a deeper understanding of the criminal justice system. This title is accompanied by a complete teaching and learning package. Contact your SAGE representative to request a demo. Digital Option / Courseware SAGE Vantage is an intuitive digital platform that delivers this text's content and course materials in a learning experience that offers auto-graded assignments and interactive multimedia tools, all carefully designed to ignite student engagement and drive critical thinking. Built with you and your students in mind, it offers simple course set-up and enables students to better prepare for class. Assignable Video with*

*A Treatise of Legal Philosophy and General Jurisprudence* Fred D. Miller Jr. 2015-06-18 The first-ever multivolume treatment of the issues in legal philosophy and general jurisprudence, from both a theoretical and a historical perspective. The work is aimed at jurists as well as legal and practical philosophers. Edited by the renowned theorist Enrico Pattaro and his team, this book is a classical reference work that would be of great interest to legal and practical philosophers as well as to jurists and legal scholar at all levels. The work is divided in two parts. The theoretical part (published in 2005), consisting of five volumes, covers the main topics of the contemporary debate; the historical part, consisting of six volumes (Volumes 6-8 published in 2007; Volumes 9 and 10, published in 2009; Volume 11 published in 2011 and Volume 12 forthcoming in 2015), accounts for the development of legal thought from ancient Greek times through the twentieth century. The entire set will be completed with an index. Volume 6: *A History of the Philosophy of Law from the Ancient Greeks to the Scholastics* 2nd revised edition, edited by Fred D. Miller, Jr. and Carrie-Ann Biondi Volume 6 is the first of the Treatise's historical volumes (following the five theoretical ones) and is dedicated to the philosophers' philosophy of law from ancient Greece to the 16th century. The volume thus begins with the dawn of legal philosophy in Greek and Roman philosophical thought and then covers the birth and development of European medieval legal philosophy, the influence of Judaism and the Islamic philosophers, the revival of Roman and Christian canon law, and the rise of scholastic philosophy in the late Middle Ages, which paved the way for early-modern Western legal philosophy. This second, revised edition comes with an entirely new chapter devoted to the later Scholastics (Chapter 14, by Annabel Brett) and an epilogue (by Carrie-Ann Biondi) on the legacy of ancient and medieval thought for modern legal philosophy, as well as with updated references and indexes.
